2019-2020

INTEGRITY

SENSITIVITY

PRIDE IN ONE'S OWN HERITAGE

PURSUIT OF EXCELLENCE

ABOUT SCHOOL

The word “SHRI” has multiple and expanded connotations. This auspicious prefix is added to various mantras. Its literal meaning is Wealth – of virtue or excellence. It also means Prosperity. Prosperity of thoughts which guides your soul towards true knowledge and makes our life meaningful.

The Shri Ram Universal School, Hisar with its academic support from Shri Educare Limited is carrying forward the legacy of its Group Founder Sir Shri Ram, who was instrumental in setting up premium educational institutions such as the Shri Ram College of Commerce and Lady Shri Ram College for women. The Shri Ram Schools are manifestations of the vision and passion of Smt. Manju Bharat Ram who felt a strong need to build an alternative model of school education. The Shri Ram Schools, follow the principle of promoting individuality through value – based education which promotes a global outlook yet retains intrinsic Indian cultural traditions. The Shri Ram Universal Schools are featured amongst the Best Day Schools in India and have more than 32 branches all over India.

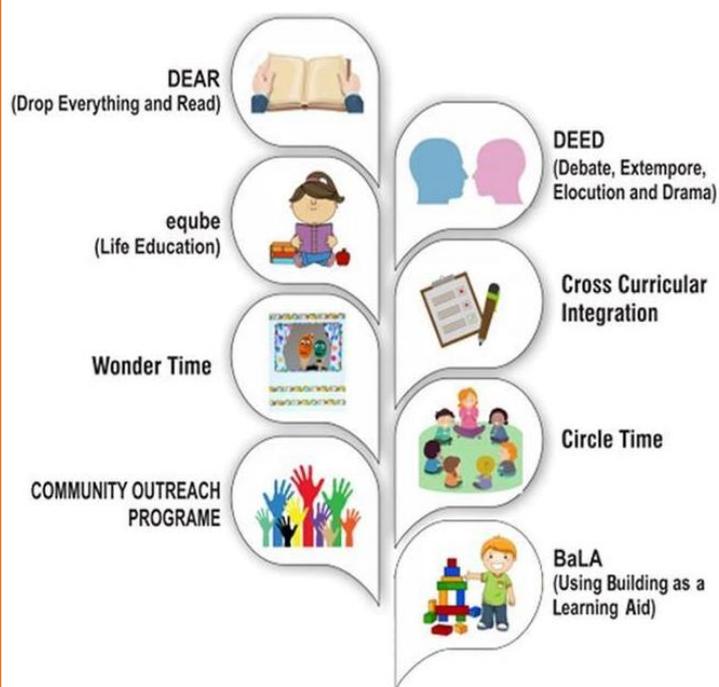

We believe that a 'Happy School' can contribute significantly in creating responsible and caring human beings. At TSUS we have created an environment that "fosters a global outlook" yet retains the rich Indian cultural heritage and values.

The mission of school is to provide each student a diverse education in a safe, supportive environment that promotes sound values, self-discipline, motivation and excellence in learning. Our core values – sensitivity, integrity, pride in one’s own heritage and pursuit of excellence are the four pillars on which our school builds its ethos and philosophy. Ensuring that every individual, be it a Shri Shikshak or Shriite, imbibes these values and reflects them in their daily transactions is an ongoing endeavour.

ACADEMICS

Spread over 8 acres of land, the school built to state – of – the – art specifications provide children with a perfect setting for learning in a serene and sylvan atmosphere. The school has spacious classrooms equipped with smart boards and ergonomic furniture as well as library, dance, music, art & craft, yoga, wonder time rooms. The Science, ICT and Math Labs provides resources for ‘hands-on’ learning experience to students. The school also use concept of BaLA i.e. Building as learning aid. At TSUS we ensure that each child has the opportunity to strive for holistic growth and development. With the strong believe that the pedagogy and environment in the school is what builds strong values, skills and knowledge in children, the school adapts contemporary techniques and strategies to transact dynamic and balanced curriculum. With a child centric approach to teaching and conviction that experimental learning results in creating lifelong learners, the methodology and best practices at school include specially designed and well acclaimed Shri Differentiator programmes such as- Wonder time, dear time, circle time and DEED.

SHRI DIFFERENTIATORS

learning process. We are putting in our tremendous efforts intensively to understand and bring out the best in each child.

Science week and Math week are the STEAM based events created for children to develop abstract thinking and problem-solving ability.

In order to keep record of overall development of children and their progress the schools provide the detailed term wise assessment which not only cover the academics but also focus on the personality traits. The 15 pages report card also provides recommendations for improvising the performance of the children on certain aspects. Shri connect and Shri parent portal are the platforms handled by our educators and parents to keep track of various school activities.

The school calendar is a mix of scholastic and co-scholastic activities testifying to our children’s ability to think independently and express themselves boldly and imaginatively. To make learning enjoyable, challenging and meaningful, we have set of Shri events that expand the child’s ability to learn about world, organize information and solve problems.

The methodology at TSUS is an amalgamation of best practices and pedagogy across the globe. Known by us as the ‘Shri Way’, the methodology at school takes care of intellectual, social, physical and emotional well-being of the children by facilitating the

SPORTS

Regular physical activities right from the childhood not only helps the children to stay healthy but also improves their emotional fitness, agility, coordination and balance. Sports helps to reduce stress levels, anxiety and behavioural problems among children. At TSUS sports curriculum is an integral and compulsory part of the education system. The school has space for various outdoor games such as- cricket, tennis, basketball, badminton and the soccer field. Along with these various indoor games like carrom, chess and table tennis are also offered to the students. Apart from the regular sports period school provide special sports programme in Yoga, skating and karate daily for all students.

CELEBRATIONS

Festivals are an expressive way to celebrate glorious heritage, culture and traditions of a nation. Universally all festivals are related to harmony, peace and happiness. National celebrations connect citizens to important moments of history and solidify patriotic spirits in the society. It's a matter of great importance to us that our students should carry forward the values they have inherited from our diverse culture and be role models in the society. To inculcate the value of 'Pride in One's Heritage' the school has designed signature events like – India Week, Literacy Week, Joy of Giving Week and so on. Apart from these events school celebrates all national days and festivals to pass the legends, knowledge and traditions onto the next generation. Through social activities like plantation drive, visit to old age home and cultural event with differently abled people we are facilitating our children to be sensitive towards environment and have empathy towards the different sections of the society.

Teaching our children to grow their own food would be a priceless lesson. It encourages healthy eating & increases the appreciation for their surroundings & love for nature. To imbibe these habits in children we have put up the Shri Nursery in school premises. To take this further TSUS promises to take its campus as zero waste campus by 2021 & Zero waste city in the coming year.

TRIPS & CAMPING

Learning become more child centred when moved from confines of classroom to field experiences. To promote active learning and divergent thinking students were taken to outdoor trips like Kisan Mela, Jal Ghar, Agroha Dham etc. Encounter with such real-life applications provides multidisciplinary approach of learning and results in collaborative learning atmosphere. The school also organized the adventure camp and my super champ events in collaboration with renowned organizations to incorporate the qualities of self-discipline, confidence, team building and leader ship among students.

TEACHER TRAINING

At TSUS we provide an environment that is encouraging and positive for both students and staff. A good teacher is the one who impart a passion of education within the classroom and stay abreast of worldwide trends in education. To attain this, Shri Shikshaks go beyond the call of duty and are always ready to learn something new. Counselling and training sessions are conducted on regular basis by SEL resource persons to provide guidance and modifying knowledge, skills and strategies of teaching. Our educators also got opportunity to be the part of various workshops and STEAM conclave held in Hisar and Gurugram, where they got chance to interact with eminent educators and learned new ways to keep their teaching and curriculum fresh and exciting in order to match with global standards of learning.

PARENT INTERACTION

A child's education starts from home. Parents are their first teachers and they have a key role in shaping up their character. A balance of education at home and school moulds a student's actual learning. The Shri 3-way bond between the school, Parent and Child aims to provide an environment which positively affects the student behaviour and assist them to become self-sufficient. PTM's and parent workshops are part of this 3-way bond to develop a healthy and strong relationship for the holistic development of a child. Breakfast with daddies, Shri Coffee morning and Shri Ehasas events are initiatives taken by TSUS to weave a web of togetherness for providing quality education and to shape a child into an integrated personality.

In the words of Kahlil Gibran- a writer, poet, visual artist and a philosopher on children

You may give them your love but not your thoughts,
For they have their own thoughts you may house their bodies but not their souls,
For their souls dwell in the house of tomorrow, which you cannot visit,
Not even in your dreams.
